- Ensure that the competition runs smoothly according to the schedule that has been set.
- Ensure that all event equipment is complete and has been tested before the event begins.
- Ensure that there is no cheating between participants who take part in the LCC
- Ensure that the score recording is correct according to what the participants get

Del Institute of Technology - **Laguboti, Toba, North Sumatera 22381**   Nov 2024

HIMATIF 2024 Cadre Formation Committee

This is an annual program organized by the Information Technology Student Association (HIMATIF) to conduct cadre development and introduce the association to new students enrolled in the Information Technology study program.

- Ensure that the event goes according to plan well and smoothly
- Ensure the availability of tools and ensure the quality of tools and materials
- Ensure the participation of participants to achieve the goals of the event

Del Institute of Technology - **Laguboti, Toba, North Sumatera 22381**   Nov 2025

Committe Staff - Bioinformatics and Biodiversity Conference

Del Institute of Technology held The 6th Bioinformatics and Biodiversity Conference (BBC) 2025. The program was supported by Telkom Indonesia and Telkom Solution, which provided advanced connectivity solutions and digital platforms leveraging Big Data and Artificial Intelligence (AI) for applications in the field of bioinformatics.

- Ensure that invited guests enter the event room.
- Ensure that all event supplies are in good condition.
- Ensure that the event runs smoothly.

BEM at Del Institute of Technology - **Laguboti, Toba, North Sumatera 22381**   Sep 2025 - Nov 2025

Frontend

Collaborating with the Student Executive Board (BEM) of the Del Institute of Technology to develop a BEM website platform. This project was built using Next.js for the frontend and Golang for the backend.

- Successfully built a website display using NextJS
- Successfully built a CRUD system on the website

Organisational Experience

BEM Department of Arts and Culture - Laguboti, Toba, North Sumatera 22381   Jan 2025 - Present

Documentation and design division

- Record and store documentation of every event or organizational activity in the form of photos, videos, or writing.
- Design logos, posters, banners, and other visual elements that reflect the identity of the organization.
- Assist the organization in compiling systematic activity reports that can be used as references

Skills, Achievements & Other Experience

- **Projects** (2024): Aosy Restaurant Management with OOP concept
- **Projects** (2024): Room temperature detection and recording system
- **Projects** (2025): Building a corn leaf disease application with Flutter and Python
- **Projects** (2024): Build a website with Laravel: E-Learning at SMK Negeri 2
- **Projects** (2025): Building the BEM IT Del organizational website with Next.js
- **Hard Skills** (2025) : Web Developer, UI/ UX Design, Algorithm, Data Analyst, Database Management, Internet of Things (IoT), Programming Languages, Git & Version Control
- **Soft Skills** (2025): Collaboration Team, Leadership, Communication,Independent,responsible
- **Language** (2025): Indonesia (Native), English (Intermediate)
